Non-Emergency Care

If you need to seek non-emergency care, please do not go the Emergency Room (ER) as this is designed to be only used in an emergency situation. You should instead either visit an urgent care provider or local doctor who will be able to assist you with your medical needs. Examples of non-emergency care include cold, flu, minor injuries and sickness. You can locate an urgent care center, walk-in medical clinic or local doctor by visiting:

Emergency Care

If you need to seek emergency care for any reason, please take yourself to the nearest Emergency Room (ER) or call the emergency services (911 in the USA) for immediate treatment. Examples of emergency care include serious accidents or sickness, and any condition that requires an ambulance. If you are being hospitalized, please also call or have your physician call HCC Medical Insurance Services immediately.

Pre-Notification Penalty

All Hospitalizations, Surgeries, Emergency Evacuations, Emergency Reunions, Trip Interruptions, Repatriation of Remains, Computerized Tomography (CAT Scan) and Magnetic Resonance Imaging (MRI) must be Pre-certified. Simply call, or have your Physician call, HCC Medical Insurance Services with all information relative to your claim. If you do not Pre-certify, medical expenses will be reduced by 50% and all other expenses will be forfeited.
